

PROCEDURE: For this activity, you will be conducting a survey with your fellow classmates to determine the number of students that fit each category. Once you have collected your data, you will create a graph based on your findings in the space provided to you. Remember all of your basic graphing elements (title, axis labels, numbers, key etc).

Question	Total yes:	Total no:
1. Do you have a pet?	17	8
2. Do you have a sister?	12	13
3. Do you have a brother?	10	15
4. Did you watch the Olympics this summer? <i>Do you play a sport?</i>	13	12
5. Do you speak more than one language?	5	20

What kind of graph should you use to represent the data above? \_\_\_\_\_

Create your graph in the space provided below:
